WCFA, in collaboration with RISCA's Atrium Gallery Traveling Exhibits Program, presents "Expressions in Black" a juried Black Art Exhibit that will be showcased at the Warwick Center for the Arts May 14th through June 18th. The exhibit, curated by RI artist Monique Rolle-Johnson, will feature the original visual work of regional and diverse Black artists whose works display fidelity, proficiency, and excellence in art making. Atrium Gallery at One Capitol Hill

The Atrium Gallery was developed by RISCA as an effort to bring recognition to the refined talents of artists from diverse communities located across the state. On a rotating basis, the Atrium Gallery hosts multidisciplinary exhibits in partnership with community artists and local art and cultural organizations. Since its inception, the Atrium Gallery carries a focus on preserving the cultural aspect of art, and the influence both culture and tradition have over the visual art form. At the Atrium Gallery, local artists are given the opportunity to collaborate and network with fellow artists who share the same cultural background.
